Bigger Season planned for Distance and Rough Water Swimming

By Gerry Senner, Swim Chairperson

The swimming program starts with plans to continue successful events such as the August Clinics, which will be held for courage/stamina-building in preparation for the September 2¼ mile Rough Water Swim. The Maui Channel 9-Mile Swim will be captained by Ian Emberson this year. There are also plans to stage a bigger Castle Swim, now scheduled for November.

The swimming charts are available to all swimmers. The posting of miles is encouraged for swimmers of any age or experience.

Volunteers to assist in any area are welcome. "The water is there for all to enjoy."
