

# OCC Fields Large Marathon Contingent

By Fran Pearson

Despite valiant efforts we were unable to get the specific finishing times for OCC's 60 or so Marathon runners before our press deadline. Names and times will be published in the next issue. Fortunately we have some fine photos taken by Scoop Tsuzuki.

The OCC's Sue Stricklin emerged the winner in the 40 - 49 age group with a time of 3:06:44. First to cross the finish line from the Outrigger was 16-year-old Don Machado who ran the course in 3:02:01 placing 174th overall.

## Marathon Aid Station Helps 3,100 Runners

Many Club running enthusiasts wish to express their appreciation to the more than eighty people of all ages who turned out to man the Outrigger's Marathon Aid Station on race day. With enormous enthusiasm they cheered the 3,100 runners on their outward and returning legs while dispensing vital liquids — coke and water — as well as cold sponges.

The station was in operation at 6:00 a.m. and helpers worked with great efficiency until 1:00 p.m., keeping four coke and four water stations running smoothly.

Special thanks go to aid station coordinator Cline Mann and five other OCC members who set up the station on Saturday — Bob Fischer, Jeff Kissel, Mike Mason, Barry Hall, and Jimmy Dean.
