Outrigger Golfers Join the Marine Corps

By Mark Osmun

The Klipper Club Golf Course, located on the Kaneohe Marine Corps base, is often called "The Poor Man's Pebble Beach." I've had the privilege of playing Pebble Beach and I can tell you that that wonderful course has nothing on the Klipper's 13th and 14th seaside holes.

The Outrigger Canoe Club's golfing group hit the Klipper Club on September 13th and found themselves blessed with perfect weather (meaning light winds, rather than the ripping gales that can tear across those majestic ocean holes).

Don Mailer and Joe Spielman navigated the course in 79 strokes and tied for low gross, followed by your correspondent who shot 85; Spielman took low net honors with a 66, again followed by the guy who's writing this, who carded a 68 after the handicap subtractions. Spielman also pocketed some change with a closest-to-the-pin on the sixth hole. Phil Sevier took a greenie on the 11th; and Joie Gopez landed closest to the pin for a greenie win on the fourth hole.
