

# Grass House Is Presented To Club

The Outrigger Club will be the scene of an afternoon tea today. The grass house presented by Allan Herbert will be used as a rendezvous by the members of the Woman's Auxiliary of the Club, and a most enjoyable time is looked forward to.

The new home of the ladies' division is now complete, and this afternoon the members will be on hand in numbers to enjoy themselves.

Mrs. F. M. Swanzy is president of the Club, and she has done most of the organizing of the ladies' section.

From now on there will be a regular schedule of affairs on the beach, the ladies having arranged things in the proper manner. On school days some lady belonging to the Club will always be present from 2 till 6 o'clock, to act as chaperon for the girls who wish to go in bathing. On Saturdays and holidays the Woman's Auxiliary will keep open house, and members may have the use of the house on Sundays, if they wish it.

Altogether, the Club has about thirty chaperons, who will act during the coming summer. Anyone wishing to join the Club should send her name in to the secretary, by whom it will be brought before the Board of Directors and voted upon. The annual fee is \$5. Girls under ten years and boys under six are allowed to accompany their parents. The officers of the Club are as follows: Mrs. Swanzy, president; first vice president, Mrs. H. M. von Holt; second vice president, Mrs. J. H. Soper; secretary, Mrs. G. P. Wilder; and treasurer, Mrs. S. G. Wilder. There are seven trustees, who, with the five officers above named, constitute the Board of Directors. The Trustees are Mrs. Ivers, Mrs. Eben Low, Mrs. E. I. Spalding, Mrs. F. A. Schaefer, Mrs. Ralph Forster, Mrs. Laura Wight, and Mrs. George R. Carter.
