

# Auxiliary Tea Is Great Success

---

The afternoon tea at the Outrigger Club was a great success and a large number of ladies attended the function. During the afternoon many of the members and their friends took a dip in the briney and quite a number of children sported themselves on the surfboards.

It was a most pleasant day and the water was just right for bathing. There can be no doubt of the success of the Women's Auxiliary, and the membership should increase by bounds.

Mrs. F. M. Swanzy, the president of the Club, is very energetic about the Women's Auxiliary, and to her efforts may be credited the huge success of Saturday's outing. In future chaperones will be out every afternoon between the hours of 2 and 4, and young girls who wish to have a dip will be carefully looked after. On Sundays the house will be open to all who care to use it, but no chaperone will be present.
