

Society ladies are asked to take notice of the elaborate affair to take place at the Outrigger Club, Waikiki, on Friday evening November the nineteenth, which the Women's Auxiliary is planning largely for the benefit of the building fund of the club. It will be a scene of beauty, and the home made refreshments will be dainty enough for any palate.

There will be excellent dance music, and several novel features, which none can afford to miss. Be sure and buy a ticket, from any member of the Outrigger Club and go, prepared to have the very best kind of a time.
