

A. HUME FORD WANTS THE OUTRIGGER CLUB TO WAIT FOR HIM

Alexander Hume Ford asks a delay in the carrying out of any building plans by the Outrigger Club until he gets here to superintend the work, which he says will be some time in December. Allan Herbert has received a letter from Ford in which the latter writes, "Will you use your influence to hold back any building at outrigger grounds for two or three weeks, until I arrive? I want to get everyone together, agree on a plan for beautifying the grounds in keeping with our traditions, and then take off my coat and go in to complete the work. I want to see our club grounds the prettiest and most artistic in Hawaii. Get the boys to agree to wait a bit and all agree on something real artistic, will you? And I'll be there to hustle for it harder than ever."

Mr. Herbert, the vice president, and George R. Carter, one of the trustees of the club, are in favor of doing as Ford asks and waiting until he comes. How the request will be viewed by the other members of the Outrigger Club remains to be seen.
