

The Chowder Supper and dance given at the Outrigger Club proved in every way a great success. Honolulu people will remember the occasion socially as one of the prettiest affairs ever given here, but the returns show even more of a success financially. Over three hundred dollars were cleared by the Women's Auxiliary, of which Mrs. Swanzy is president, and one third of this will be reserved by that organization, while two thirds will be turned over to the members of the Outrigger Club to be put towards their building fund.

These ladies, and especially Mrs. Ewanzy have been most enthusiastic and diligent, sparing no pains to gain the result which very creditably they have achieved. They received ready support and help and have aroused in the Honolulu public a keen interest in the little artistic village by the sea.
