
BIDDELL TO GIVE LAST EXHIBITION

As W. H. Biddell, the Australian life-saving expert, will probably be leaving for Australia on the Makura next Friday, he will give another demonstration of his art, this time under the auspices of the Outrigger Club at Waikiki, on Wednesday afternoon at half-past four.

Mr. Biddell will go through the same stunts which he made such a hit with at the Healani Boat Club recently, and all those who missed that are invited to come out and see the expert's work at Waikiki. It is something which nobody who takes an interest in water sports should miss.
