

TO ARRANGE PROGRAM FOR OUTRIGGER CLUB

A meeting of the trustees with the house committee and some of the directors of the Outrigger Club was held yesterday afternoon at the office of J. R. Galt. Plans for the coming entertainment were discussed and it was decided to place G. H. Tuttle in charge of the plans for the tenth of June at Waikiki.

Kenneth Brown will have charge of the parade of illuminated canoes. It will be remembered that Brown arranged the last affair of this sort that attracted so much attention. He will have the hearty cooperation of the boys of Waikiki and they are determined to show what a real illuminated canoe parade can accomplish in the way of startling night effects. This is booked to be the big feature of the events of the evening of the tenth.

Mr. Tuttle will soon have his program ready for announcement. Now that more than six hundred dollars have been subscribed success seems assured and the tickets are being printed, the nice round red ones for the chowder, to be given up at the dinner table, the big square white ones to be worn all the evening as it will pass the wearer to the dancing halls of either the Seaside or Moana hotels, or to the big new dancing floor of the Outrigger lanai.
