

OUTRIGGER CLUB

MAKING GOOD PROGRESS

Nothing succeeds like success. The Outrigger Club is going ahead with its preparations for June 10. More applications for membership are coming in than ever before, since the first few weeks of its existence. Saturday the old lanai was dismantled by the force of workmen who are now erecting the new and enlarged structure, which is to provide the eighty by forty feet of dancing space, to say nothing of the open canoe lanai in front that is to run down to the beach. This work will all be completed by the 9th of June. Work was also begun Saturday on the new Hau tree lanai. This will be exceeded in size by few in Honolulu, as there is quite a grove of hau trees on the Outrigger grounds, and all of these are now being jacked up preparatory to the building of the lanai frame. The Outrigger grounds are fast becoming one of the show-places of Honolulu, and often old residents who stroll in to view the Hawaiian grass houses, send in applications as sustaining members, or present some of their young folks with membership cards. Things are booming at the Outrigger Club and everyone is getting in line for the big doings scheduled for June 10.
