

ARRANGING BOOTHS FOR FRIDAY CARNIVAL

The several committees in charge of the booths being erected for the Friday carnival at the Outrigger Club met on the grounds yesterday afternoon to direct the force of carpenters in their work. Mrs. Carl du Roi and Mrs. J. R. Galt, who with their aids will take charge of the ice cream and cake, have a booth under the newly jacked hau tree nearly two hundred feet long. Mrs. Charles Booth and Mrs. A. Gartley will have their soft drink booth built under the sheltering palms just makai of the ladies' bathhouse. Mrs. G. H. Tuttle will have a club booth near by, and in the ladies' special hau tree lanai, Miss Sarah Newcomb will serve coffee, Mrs. Doctor Eubank, tea and jam; Mrs. Raymond Brown, candy; Miss Emma Lyons, flowers.

The electricians were also on the grounds and the open-air booths will be flooded with colored lights, while the big stage will shine behind real footlights, and there will be a good program. Curtie Hustace and his committee in charge of the afternoon regatta is getting busy, as are the boys and women in charge of the canoes that are to be decorated for the night carnival.
