

ANNUAL MEETING OF OUTRIGGER CLUB

Proposition to Incorporate Con- cern Will Be Put Up to Members.

The annual meeting of the Outrigger Canoe Club is to be held at two o'clock this afternoon in the chamber of commerce rooms in the Stangenwald building.

The proposition to incorporate the club and the bylaws suggested by the directors under the proposed charter will come up for consideration and decision by the members. The election of officers for the ensuing year will also take place at this time. Two hundred postal card notices have been sent to the members, and it is hoped that a full attendance will be had at the meeting.

The Outrigger Club is in a fine way nowadays, and the members are taking much interest in the affairs of the organization. The weather is a trifle cold at present for surfing, still there are many enthusiasts who regularly go out to the beach and enjoy one of the best sports on earth.

The club grounds look fine now, and the new grass house is much patronized by the members. There will be entertainments galore later on in the year, and the tourists who are to visit Honolulu in the near future will have the time of their lives out at the world-known Waikiki beach.

A full attendance of members is requested for the meeting this afternoon, and the important matters that are coming up for discussion should induce all the prospective holders of stock to attend and have a say in the disposition of the club's affairs.
