

OUTRIGGERS

MEET THURSDAY

There will be a full meeting of the Outrigger Club at the public service rooms Thursday evening to discuss the matter of dues and the advisability of incorporating. The dues at the Outrigger Club for the first three years of its existence was fixed at five dollars a year. At the last annual election ballots were sent in to the number of seventy odd, while only twenty-one members attended in person, a bare majority of those carried the election and the change. It is hoped now that there will be a full turnout, and that the matters of dues and the incorporation plan will be discussed and a vote taken. The present dues, fixed at the last election, are ten dollars a year. In regard to the incorporating of the club, twelve members have petitioned that the matter be reconsidered, and as the club has not yet been incorporated, this matter will be voted on by all who have paid their dues up to date.
