

## Outrigger Club Regulations.

At a meeting of the house committee of the Outrigger Club yesterday several new regulations were decided upon, which it is expected will tend to the improvement of the club and the convenience of members. Greater privacy will be maintained regarding the grounds, trespassers being unwelcome. Several improvements will be made in the buildings and the dance hall is to be conducted under the direct supervision of the committee. A charge of \$10 per evening will be made to members giving a dance where no admission is charged, and a minimum of \$25 will be charged where admission is by purchased ticket. The club proposes to give an entertainment in July.
