

OUTRIGGER CLUB TO HAVE DANCES OUT AT BEACH

The first of the "get together" dances of the Outrigger Club will be given in the big lanai of the club at Waikiki, a week from Saturday evening. This was decided at a meeting of the directors held at the Public Service rooms yesterday afternoon.

Ray Rietow, Edmund Melanphy and Theodore Cooper were appointed a committee of three to complete and carry through the arrangements. The dance will be given by the club, and a charge of fifty cents will be made to the dancers to cover the cost of the music and refreshments.

The dance is scheduled for a moonlight night and, as a great broad beach of white sand has formed in front of the big lanai, the night should be ideal. It is probable that several canoeing parties will go out early in the evening. The ladies auxiliary and their friends will be invited to attend the dance, which will doubtless be a big affair.
