

# OUTRIGGER CLUB HAS BIG PLANS

---

The Outrigger Club directors held a business meeting yesterday afternoon at the Public Service rooms, at which there was a good attendance.

President P. H. Weaver was present and brought up many important questions. The entertainment committee, of which Allan Herbert is chairman, will give a chowder to the leading hustlers of the club on the club grounds next Monday afternoon.

There are many improvements to be made at the Outrigger clubhouse this year, and tickets are being sold for a big entertainment, the proceeds of which will be devoted to improvements at the club. The big dancing lanai will be enlarged and the ground near the hau tree will be cemented.

One of the much-needed improvements at the clubhouse is the enlargement of the bath-house, and this will be attended to this year.

The Clark trophies will soon be contested for by members of the Outrigger Club, and if Duke Kahanamoku is allowed to join he should easily make good in carrying off a few of the cups.
