

# NEW OUTRIGGER BATH HOUSE NEARLY READY

---

The new bath house on the Outrigger Canoe Club grounds for the use of women guests of the members is expected to be finished and ready for use by December 8, and the order and entertainment committee of the club is planning a buffet dance and entertainment for December 9, in celebration of the inauguration of this new branch of the club's activities. Notice to this effect will be mailed today by J. Ashman Beaven, secretary, to each of the Outrigger club members.

The club, on November 14, after much heated discussion, voted overwhelmingly to provide dressing-room facilities for women guests. The building contract, awarded November 21, called for the completion of the structure by December 8. Work was started immediately and has progressed rapidly.
