### WONDERFUL SWIMMING CONTESTS

### Eighteen New Records In Eighteen Events Is Record Itself

Honolulu saw swimming yesterday such as was never seen before in these or any other waters.

Records melted in the splashing of the contestants in every one of the eighteen events.

World's records, one of them of long standing, met with scant respect and three new marks were hung up. American records were tumbled down to the number of four, while in the other eleven events of the day the former best times ever made in Hawaii were lowered.

Two new Hawaiian records were established in events which have not hitherto been contested here.

Perry McGillivray of the Illinois Athletic Club, started the ball rolling by defeating Norman Ross of the Olympic Club in the 220-yard event, in 2:24 1-5, slipping four and fourth-fifths seconds from the world's record of 2:29, jointly held by Duke Kahanamoku and George Cunha.

In the 440-yard event, Lady Langer of Los Angeles, swimming in magnificent style, again defeated Norman Ross, the winner's time being 5:17 3-5, and substantially lowered the time made by Kiernan the sensational Australian, in 1905, of 5:19, that race being swum in Sydney Harbor.

Third of the world's marks to go was that of the 100-yard backstroke, which was negotiated in 1:13 2-5 by Harold Kruger of the Heanani Y. & B. C., and who set the record already held by him of 1:14 3-5.

**Women Record Breakers**  
In the three races in which she swam Miss Dorothy Burns of the Los Angeles A. C. broke one American and three Hawaiian records. She swam the 220-yard for women in 3:03, shattering the American record of 3:03 4-5 held by Miss Olga Dorfner.

It was a most remarkable afternoon of swimming; the most noteworthy in the history of Hawaiian aquatics, and the record of records made is unlikely to ever be surpassed.

**Crowd Enthusiastic**  
The crowd was again very large and most enthusiastic, which, indeed, it couldn't well help being, considering the magnificent sporting fare provided. The arrangements of the meet were excellent and the program was run through without a hitch.

The Heanani Yacht and Boat Club was winner of the two-day meet with 38 1-2 points in its credit, the runners up being Palama Settlement Swimming Club and the Hui Nalu, with sixteen and fourteen points respectively to their credit.

Sport started with a 50-yard race for women and this event Dorothy Burns won all the way from Cecilia Canario, Josephine Hopkins and Rose Soares, who finished in order named. The winner's time was :30 1-5. The winner swam a perfect race.

In the 220-yard open event, McGillivray swam a heady race and won from Norman Ross, John Kelli and Lady Langer, who was not suited by the distance, winning in the world's record time of 2:24 1-5. McGillivray covered the first hundred yards in :38 1-5.

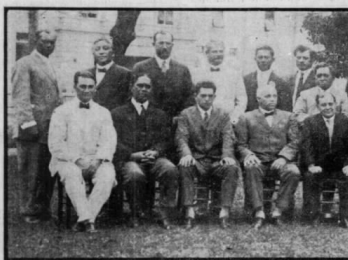

A field of ten took the water in the race for girls under fifteen, and Thelma Kenn just won from her sister Edith Kenn, who was closely pressed for second place by Elsie Auld. The timers caught the winner in :37 3-5. Others in the race were Bella Silva, Lydia Kane, Cecilia Winchester, Agnes Auld, Mertie Luddington, Rebecca Haahoe and Ida Weaver, the latter representing the women's auxiliary of the Outrigger Club.

**Women's Hundred**  
Dorothy Burns easily defeated her competitors in the women's hundred, her time being 1:11 4-5. She was attended at the finish, some way off, however, by Josephine Hopkins and Rose Soares.

Ten young swimmers lined up for the 50-yard novice scurry, and at the finish, Pun Kealoha caught the judges' eye, Sam Guerrero and N. P. Winsor being second and third. The time was :26 3-5. C. A. Walker, Alfred Lewis, George Luss, H. W. Busse, Anson Derrigo, Max Heine, and Elmer T. Johns also swam.

**Service Contests**  
Arthur Pingsty again demonstrated that he is the best service swimmer by winning the 220-yard race for service men from his old rival Roy "Spud" Murphy, of the U. S. S. Alert, and William H. Hensley of Fort De Russy. The time, which set a new record for this

### TIRED DIRECTORS ARE SATISFIED---CARNIVAL HAS BEEN A SUCCESS

#### President Angus Pays Especial Thanks To Boy Scouts—Receipts Up To Estimates

Honolulu's 1917 Mid-Pacific Carnival is over. Last night the tired members of the board of directors went to bed satisfied that it had been a big success. Visitors and townspeople likewise appeared well satisfied with the various events, while from a financial point of view the returns amounted to all that had been estimated.

Last night, George H. Angus, president of the board of directors, issued the following statement:

"Yes, the Carnival was a big success. It was as good as any Carnival held here and there was less confusion than in other years. The various committees and citizens did good work and a great deal of credit is due them.

"I wish to thank the Boy Scouts for their good work in policing and seating the crowds. They rendered wonderful assistance and helped to make the Carnival a success.

"All the directors of the different events are well pleased with the results and the enthusiasm shown by the people.

"From the present outlook and figures available the receipts will run close to the amount estimated."

### GOVERNMENT TO PAY FOR NEW CORPS CORDS

Orders received from the war department announce that hereafter enlisted men who may be transferred from one arm of the service to another for the convenience of the government will be credited with one dollar on their clothing money allowance in order to defray the expense connected with the changing of cord edge braid upon their dress coats. The gratuitous issue to enlisted men so transferred of 2 1/2 yards, cord edge braid, breast cord, caps and collar ornaments, cap band, and in case of non-commissioned officers, chevrons and trouser stripes, has also been authorized.

### SIR KNIGHTS WILL SAY A GOOD WORD FOR THE CROSSROADS

#### "Ninety-two Boosters" Is Description of Knights Templars Party Given By Commander

When the Great Northern sails for the mainland today she will carry ninety-two staunch boosters for Honolulu in the persons of the Knights Templars, California Commandery No. 1, who have been paying the local Knights a visit the past week.

Eminent Commander Leslie B. McMarty, when asked yesterday how the party enjoyed its visit, made the following statement:

"It is impossible for me to describe what a wonderful place Honolulu is. We will go back to San Francisco as ninety-two boosters. This is the first time the Knights Templars have made the trip over here, and before we started it was necessary to get a disputation from the grand commander of North America as well as the grand commander of California.

"We came here to pay an official visit to the Honolulu commandery and take in the Mid-Pacific Carnival. We are all perfectly satisfied with the entertainment and the grand time we have had, and hope to come back again."

The Knights Templars, with their indies, took in the water pageant last night and were highly pleased with the spectacular event.

### NAVAL HIBISCUS EXHIBIT

The United States Naval Station at Pearl Harbor did not plant hibiscus until after the Hibiscus Show of two years ago. Today the station has about thirty varieties of fine and beautiful flowers, specimens of which were exhibited on Wednesday last at this year's Hibiscus Show in the Pan-Pacific Pavilion. The flowers were shown in a screen, three feet by six feet, in the center of which the letters "U. S. N." were formed by double red hibiscus and surrounded by the double peach blue and other varieties.
