

TO HOLD HEARING ON DIVERSION OF BEACH STREAM

Persons interested in the proposed project to divert the stream which empties into the ocean between the Moana hotel and the Outrigger Club, are invited to a hearing on the question to be held by the finance committee of the house in the hall of representatives at 2 o'clock next Tuesday afternoon.

A bill is now before the house providing an appropriation of \$15,000 to divert the stream. Chairman C. R. Forbes of the public works department was before the finance committee on Friday in a discussion of the measure.
