

PULMOTOR AT OUTRIGGER

The pulmotor which was formerly at the Moana is now at the commissary of the Outrigger Club and is ready for instant use at any time.

Considerable interest in the apparatus has been shown recently and a number of members have learned to use it. Anyone wishing to learn to use it may apply to one of the following who will gladly initiate him: Joseph Stickney, F. C. Mighton, C. S. Davis, Judge P. L. Weaver, H. E. Marsh, W. J. MacNeil. Instruction is free.
