

OUTRIGGER CLUB TO HAVE CLEAN-UP DAY

Tomorrow will be Clean-Up Day at the Outrigger Canoe Club. Plans and specifications are now being worked out and will be announced in The Advertiser tomorrow morning, President Campbell said yesterday.

The proposition, in short, is for every member of the club, plus relatives and friends, to turn out in full force tomorrow morning at the beach and make a day of it.

Boats will be furnished and the gathering will proceed to work. Every member of the party will be expected to hunt for coral in the shallow portions of the beach resort and bring their findings ashore. In this manner, it is believed, the swimming spot will be considerably improved and bathers will have a much more pleasant time in the water for evermore.
