

## OUTRIGGER CLUB WILL INSTALL FLOATS AT BEACH

Large Amount Is Raised By Subscription To Add To Bathing Facilities and Safety At Waikiki

Due in a large measure to the enthusiastic efforts of Mr. Walter Duisenberg, the Outrigger Club will shortly install one or more floats between the beach and the present diving stage opposite the club grounds, and possibly another float out in the deep water beyond the diving stage for use in life-saving emergencies and as a resting place for the club's stronger swimmers.

During the past two or three days Mr. Duisenberg has been passing around a subscription list and has raised \$176.00 towards the expense of installing these floats and it is expected that many members of the Outrigger Club will gladly add their donations so that it may not be necessary to draw upon the club treasury for any part of this necessary addition to the bathing facilities, on the beach at Waikiki. As the present diving stage is quite a distance from the beach, many of the weaker swimmers especially the women and children, seldom venture out into the deep water and the placing of floats nearer the shore will prove a source of much benefit and pleasure to them.

The subscription list is now in the hands of Treasurer Thompson, and the list of subscribers to date is as follows:
