Hilo Crew Goes Over Course Every Morning—Visitors Will Be in Pink of Condition—Healania Crews Not Yet Selected—Changes May Come at Last Minute—Myrtles Will Be Represented By Good Crews—Kunalu Girls Are Working Hard

Honolulu athletic lovers have hardly had time to get settled down again after the big swimming meet, and now comes old Father Neptune with a new program, the regatta, which will be held on Saturday. The "God of the Sea" has selected September as his favorite month for the exercise of his sons and daughters, and once more all Honolulu will flock to the harbor.

Hilo has sent a crew this year which promises to show the local oarsmen something of the racing game. The crew arrived ready for action, and their one thought is to win the senior race. The Crescent City oarsmen are centering their efforts on one race, and they are going out to win.

Hilo Crew Ready

Hilo showed what they could do on July 4, when the oarsmen from the Big Island finished ahead of the Healania and Myrtles. Although the crew greatly misses Patoa Tufele, the Samoa star, Bertelmann has been making good, and the crew shapes up with the one which carried off the major honors on Independence Day.

Hilo ought to have it on the local crews, in condition. The boys are taking a daily trial on the harbor, and each morning may be seen working out at Kapiolani Park, taking long runs, and getting ready for a grueling race. Each evening at 9 o'clock they make an appointment with Morpheus, and if condition means anything, the Hilo boys are going to be in the race from start to finish.

Use Hilo H-2-O

Not being satisfied with the drinking water of Honolulu, the visitors have carted along their own aqua pura and, although they are perfectly willing to eat Honolulu food, are not taking chances with any fancy dish which may be thrust before them. On the other hand the Honolulu boys are forced to work all day long, and then go down to the harbor for practice.

Although the local crews are confident of making a good showing in the big race on Saturday, the Honolulu boys are not overlooking the fact that the visitors have a number of good oarsmen. Mel Nicoll, who will stroke, is an excellent oarsman and has performed nobly for the Honolulu crews in the past. George Todd at No. 5 knows the game, and has plenty of power to back it up. Bertelmann has plenty of weight, and his athletic training will stand him in hand when the test comes.

Elmore, Forbes and Kellner are experienced men who gave an excellent account of themselves in the last big

race on Hilo harbor. With Alvin Scott as coxswain, the Hilo crew should rule a favorite. Gilbert Patten and F. Koehner accompanied the team, and will be ready in case anything happens to one of the regular crew. Coach Webster, Otto Rose and Will Spencer are three others who must be depended upon in the noise brigade.

Healania Working Hard

The Healania are working hard, and when asked who will win the big race, say that they will let you know on Saturday. It is early to bed and early to rise at the present, and from now until the day of the race the various coaches are shaping the men for the big victory which the Healania look for. They don't say so, but there is a certain air of confidence around the club house. Charles Brown, Paul Jarrett and Willard Grace are working hard with the crews, and A. H. Kroll and Lawrence Cunha are picking up the loose pieces which need fixing.

In the past the Healania have not selected their crews until just a day or so before the race, but inasmuch as there is a possibility of another sweeping change, no lineup has been given. John Hollinger, David Buick, Hay Wodehouse, Robert Kanakauli, T. F. McTighe, Hill Hollinger and Harold Kruger may have something to say about the senior race.

Duke Will Stroke

The Myrtles will have a strong crew entered this year, and on paper look like winners. Duke Kahanamoku is not satisfied with the glory in swimming, but will take his place as stroke of the Myrtle seniors. Duke has made good as an oarsman, and any one who says that, as a good oarsman Duke is an excellent swimmer, has another guess coming.

"Chuck" Smith, who at one time handled an oar in the Harvard "Varsity eight, is to be stationed at No. 5. Smith knows the game from Alpha to Omega, and in addition to working out with the crew, has been assisting the coaches. Arthur Parker, Hilo Boyd, Bill Paty and A. Vierra are four men who may be depended upon to bring out some good rowing. There is plenty of beef in the boat, and the barge will be well balanced. Luther Hough will steer the boat in the big race.

What's in a Name

The Myrtles will have a new barge in the race this year. Harada has built a race, which will be a sister barge to the one owned by the Healania, and a name has not been selected for the boat, although it is rumored that it will be called the Chilly Maru. One of the crew wants it called Sub Rosa, while still another wants it called the K. Duke, inasmuch as Duke is about the fastest thing in the water, the name Kahanamoku wouldn't be the worst name in the world.

It is said that Hilo broke the record over the course this morning, and the Myrtles are going to go out this evening, and make an effort to lower the Hilo mark.

Although the Myrtles are not betting that they will make a clean sweep, they have five crews who promise to show something in every race. Bill Rosa has a great bunch of intermediates, and the kid crew is going to show up in great form. If the Myrtles have the right dope, they claim that there is nothing to it but the Myrtle freshmen, and believe that they have an awfully good chance in the junior race.

Men at the Oars

Erling Hedemann, Campbell Crozier, Evenson, L. Bertelmann, Mack Rosa and A. Abel will be seen in the junior boat on Saturday. The freshmen crew has been rowing in an asbestos boat, on account of the danger of fire when rushing through the water. In Allen, O'Brien, Auerbach, McInerny, Gomes, Wheelan and Bromley, the Myrtles have a good bare representation.

There ought to be plenty of class in the intermediate department with Norman Oss, Elmer Crozier, Gramberg, Podmore, Cummins and Jimmy Hart in shape. This crew looks mighty good on paper, and in their last trial they gave a good exhibition. The kids are coming along in good shape, and look promising. It is expected that the following oarsmen will be seen in the boat: Bush Carter, R. McKenzie, W. Gehring, Perry, Cooper and Ruttman.

Surf Board Race

There will be a number of new features during the Regatta this year, including a surf board paddling race. The Outrigger Club will have a number of entries, and it is known that the Hui Nalu will also be represented. In addition canoe races will be placed on the program. Post entries will be received for these as well as for the steamboat race.

It is fully expected that there will be a six oared barge race between the Territorial, Federal and City-County crowd. This triangular race ought to create plenty of interest, and inasmuch as there are a number of good oarsmen who are holding down some kind of a job, they ought to be able to hold down a barge in good shape.

A. A. U. OFFICERS WILL BE ELECTED MONDAY, SEPT. 17

A meeting of the Hawaiian Association of the A. A. U. will be held on Monday afternoon at the office of W. T. Rawlins. At that time officers will be elected for the ensuing year.

A president will be elected to succeed W. T. Rawlins, and it is rumored that Lorrin Andrews will not run for secretary-treasurer this year. He has been mentioned for the presidency. There has been some talk of A. T. Longley and John Soper withdrawing their names as candidates for office.

Dad Center, Harold Castle, Ben Clark, Charles Stillman and Lorrin Andrews have been mentioned for the presidency. Either one of these men ought to be acceptable to the swimmers, track men and baseball players. If a vote was taken among the men holding registration cards in the city, Glenn Jackson would naturally be the choice as chairman of the registration committee. He has been a member of the committee for some time, and has always been courteous. He is a friend of the swimmers, baseball players and track men, and inasmuch as these athletics are most affected, should be an ideal man for the position. Joe Stickey has been mentioned for secretary-treasurer.

to be plenty of material on the Fed side. Jim Lloyd, A. M. Cristy, Eugene Buffandeau, Fred Ohrt, D. L. Conkling, David Kalaokalani, Chas. Arnold, Fred Ohrt, Jas. Bicknell, Palmer Woods, and others are slated to row for the City-County crew.

The Territorial crew have not yet decided to enter, but may be able to line up a strong crew of worthies to compete against the other organizations. It ought to be a great race, if the proper details are carried out. The City-County crew are anxious to row over a six-mile course.
