

# Outrigger Club Lays Final Plans For Sporting Event

Big Hawaiian Regatta and Swimming Meet Consist of Program Which Includes List of 40 Different Races—Handsome Awards to Be Made Winners—"Dad" Center Arranges and Will Direct Details of Notable Affair

FOR what will be one of the most unique and what promises to develop into a notable sporting event of the year—a regatta of Outrigger canoes, surf board riding contests, and a swimming meet in the surf to be run off over a period of several weeks—nine members of the Outrigger Club laid plans at a gathering at the club grounds at Waikiki last night. Those present at the meeting were "Dad" Center, captain of the Outrigger Club; Henry Asch, Harold Podmore, Edrick Cooke, W. S. Beach, Werner Smith and Maurice Melanphy.

Forty events have been arranged on a five-day program which will begin on Sunday afternoon, November 4th, with a ladies' swim and continue over the next three Sunday afternoons, ending on the Saturday following that with the big events, which will be topped by a big club dance and a chowder supper.

For three years the Outrigger Club, under the captaincy of Center, has been attempting to equip itself with the necessary canoes and boards to hold a regatta of this nature. In the meantime a long string of trophies which have been donated to the club from time to time for this sort of competition have been laid away to be kept for just this occasion.

#### Club Is Ready

Now the club has all of the necessary canoes for the regatta, for the surf riding contests, and for the sailing contest, there are innumerable boards owned by members of the club, and the equipment necessary for holding swimming races at the beach is constantly at hand. Members of the club are enthusiastic for competition along these lines as indicated by the large number of entries in the recent swimming meets.

While many of the surfing and canoe paddling events are open to members of other clubs, the swimming races will be excluded to club members only, one of the chief purposes of them being to develop girls and boys to compete in this sport for the club in the big A. A. U. meets held here annually. There are races of almost every nature which will give almost every class of swimmer an opportunity to win a trophy. The meet is also arranged so that members can enter in many different events.

Handsome gold medals have been ordered for the winners of events and where cups are up the names of winners will be inscribed upon them. The club has gone to considerable expense to provide for appropriate rewards. The medals are to be about the size of a quarter, having the Hawaiian coat of arms on one side, and the letters "O. C. C." with a canoe and a paddle on the other side.

Entries for the meet can be made between October 15 and October 30 at the commissary of the club at Waikiki. There the members merely have to place their names in a book which will always be on hand.

#### Center Responsible

Capt. Center is responsible for the organization of the big meet and is the moving spirit behind it now. While he will have general charge over all events, a committee consisting of W. S. Beach, R. P. Rogers, and Ronald Higgins will have charge of the swimming.

## "Dod" Burns Will Live In San Francisco

San Francisco's aquatic colony is to be augmented by one more national champion on the fifteenth of this month, when Miss Dorothy Burns, member of the Los Angeles Athletic club, and holder of record times in the 50, 100 and 220 yards events, will again take up her home in this city, according to the San Francisco Examiner.

Miss Burns was a former resident, but did not take up swimming seriously until she moved to Los Angeles and Vance Veith, coach of the Los Angeles Athletic club, saw in her the makings of a champion. During Coast meets of the last two years Miss Burns has shown marked improvement as an exponent of the crawl, but it has only been in the present season that she began to carry away the prizes. She was the bright particular star of the February carnival in Honolulu and later took the 100-yard event from Miss Frances L. Cowells at Neptune Beach.

More recently she lowered Miss Olga Dorfner's time in the 50 and 100 yard races at Honolulu from a field that included Miss Claire Galligan and Miss Cowells.

San Francisco and the vicinity is now well supplied with swimming talent. With the coming of Miss Burns it can lay claim to the greatest swimmers of both sexes.
