

# WOMEN SWIMMERS READY FOR TONIGHT

## Preliminaries At "Y" Yesterday Evening Decide On En- trants For Meet

With Langer, Kruger and Keli entered in the 300 and 500-meter races, these events promise to be the feature of tonight's swimming card at the Y. M. C. A. tank. Preliminaries held for both Friday and tonight's events did not include these longer distances, although the number of entries for the longer distance made it look as though the 500-meter race would have to be swum.

However, enough scratched so that Langer, Keli, Kruger and Markham are left. Kruger took the prize away from Kahanamoku in the recent Outrigger mile and a half race. He is scheduled to make Langer break a record to beat him, while Keli will make them both hustle.

Lady Langer, who has come to share with Kahanamoku and other local swimmers a place in the hearts of local swimming enthusiasts, was on hand last night ready to swim if the preliminaries were ready. He, with Kruger and Keli, are in the pink of condition.

### Kahanamoku May Not Swim

Duke Kahanamoku, however, has just been put on the sick list by the doctor's orders. Members of the games' committee last night refused to say whether or not the big champion would swim tonight. In practising for the events, which he himself chose, Duke strained his back in making a turn and subsequently caught cold in it. Last night the doctor refused to permit him to enter the preliminaries. If his condition is improved he will swim.

It is hoped that he will be in by Friday, anyway. But that is where the question of Duke's swimming stands. Kahanamoku is on the games' committee himself for the big meet and chose several of the events with the particular desire of establishing new records in them.

Among other well known swimmers who will be seen in tonight's races are Ah Kim Yee, Markham, Kane, Richardson and so on.

### Never Like It Before

The biggest list of girl's entries ever made in a local meet were received and the women's relay tonight promises to be one of the big events. Teams from Palama, the Y. W. C. A., and the Outrigger are entered, as well as a quartet from the Ladies Auxiliary of the Outrigger.

The preliminaries for both nights' races were run off in short order last night. Through the cooperation of the team captains many of the entrants were scratched and the heats were necessary in but few of the races. Besides the girls' races, practically the only events of importance in which heats were necessary were the forty-yard open and the boys' races. The young blood is being well brought out by this meet.
