

WOMEN'S AUXILIARY TO HOLD SWIM MEET

Plans Contemplate Good Program July Fourth In Y. M. Tank For Playground Fund

At the last monthly meeting of the executives of the Women's Auxiliary of the Outrigger Canoe Club, it was unanimously decided to hold a swimming meet for the members only at the Y. M. C. A. tank, the Fourth of July being set as the day of the meet.

The Women's Auxiliary being particularly interested in all forms of sport, it was thought appropriate to turn over the net proceeds to the Play Grounds Summer School, a deserving cause.

It was first thought that this meet would help the activities of the Territorial Fair week but as all the attractions are at Kapiolani Park, it would hinder rather than help.

Mrs. Fullard Leo, the club's representative to the A. A. U. was requested to work up enthusiasm and arrange a program which will give a chance to the beginners as well as experts in the club. The following ladies were named as a committee to act with Mrs. Leo: Mrs. W. A. Wall and Mrs. Raymond C. Brown, club secretary and treasurer, respectively, and Miss Helen Jones, whose enthusiasm in aquatics is well known.

As this will be purely a club affair and for the entertainment of members and their guests it is hoped that mothers will help along their daughters to take an active part. As an encouragement to aspiring mermaids the club will put up a perpetual trophy and other prizes to be competed for every year. The best all around swimmer, commencing with the coming meet, will be rewarded with the Perpetual Trophy. The list of items making up the test will be made public shortly, so as to give an ample chance to train.
