

THE automobile is a boon companion nowadays to the beach enthusiast. Many persons who live in town don their bathing suits at home in the afternoon and jump in their car for a spin to the beach. This jolly crowd seen below are a group of members of the Outrigger Club who visit the beach every day and who value the time that is saved by coming for their swim in a motor car. Several of the men are members of the Outrigger Club champion volleyball team. Miss Catherine Johnson, who is seen in the center, is the official timer and general argument settler for the players. From left to right they are Joe Stickney, E. T. Chase, president of the Outrigger Club; Donald S. Brown, Maj. I. M. Stainback, H. H. Smith, Miss Catherine Johnson, W. Dease and Donald Hampton. The car used by the swimmers is a 1918 Model, 7-Passenger White.
