Disqualified.

Captain Carr's Twenty-fifth Infantry track and field athletes surprised fandom in yesterday afternoon's A. A. U. annual meet at Alexander Field, but by none was the surprise felt so keenly as some, for the Waikiki Athletic Club came a close second, only two points behind.

The Outrigger Canoe Club won third place with thirty-six points, and shoved out the Honolulu Athletic Club, fourth, by six points.

The Pan Pacifics, who finished in fifth place, scoring eighteen points, and Kamehameha School team, next to finish, made seven points, while the only outfit unable to land its score at Fort De Russy. The other clubs entered and the athletes who represented them showed creditable scorelets.

The title which sixty members of the A. A. U. will go down into history as the great track and field star meet. Never before was there such keen competition and rivalry between the athletes of the teams competing yesterday.

Second As Good As First

Taking the events in the meet, with but seven points keeping it out of pennant, and with the Waikiki Athletic Club, formed less than a month ago by Captain Carr, U. S. A., to urge and their associates under the auspices of the O. O. U., directed by Sergeant Major Hall, and with Hall, R. Stout, secretary, made a great showing and a worthy bid for the supremacy of the crowd with them.

"As a member of the Hawaiian Association of the A. A. U." said Will T. Rawlins last night, "I want to congratulate the Waikiki Athletic Club on its great showing. It deserves a good place in a meet as keenly competed as this one was, in, I am sure, about as great an athletic meeting as will be held in the Islands. I think it was great work and the meet was the most successful and interesting ever staged in Honolulu."

John F. Soper, chairman of the registration committee of the local branch of the A. A. U., while not speaking for publication, but his unqualified bolstna to the Waikiki team.

Evening Shades Drop In

It was a great meet seven o'clock last night when the big meet came to a close and the shades of night began to fall, but the crowd hung right on to the finishing events, and the interest taken in all the events.

There were eighteen noun events on the program and all were pulled off promptly at one-thirty in the afternoon. In the track events twenty-five heats were required, as many as six and five, with four men to the heat, in the finals. The two Hurdle events also required heats. The Marathon was run in extra session. Yet, on the whole, the meet was run off in record time, all things taken in all the events.

The Hawaiian Band was on hand and helped out considerably with patriotic music and the crowd was in fine spirits when they broke off in the middle of some events to sing the "Star Spangled" event, for everybody else was doing it. It sure was an inspiring sight. The quality of the meet was also most satisfactory. The crowd was out in force for track and oval in a very able way.

It was quite a battle for contestors, officials, team directors, rubbers and the like, but the fans in the audience, which numbered about five thousand, every moment of the time and dinning the air with cheers and songs of the hungry being concerned as to the state of the finals.

Records Went Agtimsering

Quite a number of records went by the board and others were tied. The afternoon was ideal, just warm enough for the sprints, medium and long distances and no evidence of any nature were recorded. The oval within the track was a small tented city, for each camp had its own quarters for dressing. Still this is something that should be avoided in future meet, for placing the tents within the oval obstructed the view of participants in the track, as could, just as well been put up elsewhere.

Probably the most spectacular event of the afternoon was the half-mile relay, which was run by teams from the Twenty-fifth Infantry. The audience was on its feet and shouted its great interest from the start to finish by its cheering and the noise of a great event.

Sergeant's first runner for the winners, secured a good lead in his lap. He was followed by Private Bell, who kept the lead and, if anything, increased it. In Bun Lee ran as if he was on fire and he turned over to Private Sweezer, Weston Dower, captain of the Waikiki team, who finished with a generous lead in favor of the winners. Sweezer's time was four and finished easily with fifteen yards to spare, thereby giving Twenty-fifth max.

O. O. U. Event Greatest

The half mile-relay was the surprise event of the afternoon, for the O. O. U. The Waikiki team was easily the favorite, but the runners for the Outrigger were easily outclassed.

The 100-yard dash and field team comes in for a big measure of credit, for it was handicapped somewhat when Private Bell, Twenty-fifth star sprinter, was forced to withdraw from the event on account of a severe attack of the running races the Twenty-fifth pulled off a clean sweep, Private Bell They fell down badly, however, in the half-mile relay and the Hyemale run in the mile was a walk.

Following in the order of the program, the events resulted in this way:

H. Watt of the Outrigger Canoe Club won the 120 yard hurdles easily, Ross Collins of the Waikiki Club (White of the Waikiki team finishing second and third. Darby of the Twenty-fifth, was fourth. Time, 17 seconds, good for knocking down three hurdles. Watt's time was 16 4-5 which would have beaten the Hawaiian A. A. C. record of 16 2-5 made by Ed Lee in 1916, but for the fact that Watt knocked down a hurdle. Had Watt not done so, Watt was bound to say something, about somebody always taking the joy out of a man's life. Then the record is his. Not really too bad, for Watt made a beautiful run and the fourth hurdle should have stood for years to come.

Melim Breaks Record

Two trial heats were required before the finals were run off in the 440 yard event as follows: First heat—Cook (W), first, time, 17 2-5; Kelly (25th), second, and Nolle (A), third. Second heat—Melim (O), first, time, 16 2-5; Darley (25th), second, and Hall (W), third, time, 16 4-5.

Clifford Melim of the Honolulu Athletic Club won the finals in the 440 by hands down, time, 55 1-5. Fernandes (W), second; Savage (25th), third; and Nolle (A), fourth. Melim's time broke Yoanshiro's record of 5 2-5 which was made in 1915 at Manoa.

Six preliminary heats and two semi-finals were run off in the 880.

The preliminary heats were:

First Preliminary—First heat, time 5 1-5; Willis (W), second; second heat—Johnson (25th), first, time, 5 1-5; Kaiwi (O), second; third heat—Savage (25th), first, time, 5 2-5; Kauhane (W), second; fourth heat—Kaiwi (O), first, time, 5 2-5; Pimmel (W), second; fifth heat—Kaiwi (O), first, time, 5 1-5; Poindexter (25th), second; sixth heat—Kauhane (W), first, time 5 2-5; any of the hungry being concerned as to the state of the finals.

Records Went Agtimsering

The results of the semi final heats were:

First—Melim (H), first, time, 5 2-5; Kauhane (W), second, and Fernandes (W), third; second—Savage (25th), first, time, 5 2-5; Willis (W), second, and Poindexter (25th), third.

Robinson Sprints In Mile

The one mile run was won by James Robinson of the Twenty-fifth, time, 4:37 1-5, he breaking his own record of last year, which was 4:50 3-5. Melinske of the Honolulu Athletic Club finished second and Alexander (25th), was third, and Simonton (W), came in a close fourth. Many others ran, but left in the dry dust.

Watson of the Twenty-fifth won pole vault honors in the 100 yard dash, which was keenly contested, time, :09 4-5, Hamilton (W), second, a record of :10 flat made in 1917. Simon (25th), was second; Clifford Melim (H), third, and Fernandes (W), fourth. Twin event required five preliminary and two semi finals before it could be reached the final point. This is how it all went:

First preliminary—Watson (25th), first, time, 10 flat; Fernandes (W), second, and Hamilton (W), third; second heat—Melim (H), first, time, 10 1-5; Carrol (25th), second, and Kaiwi (O), third; third—Savage (25th), first, time, 10 2-5; Silva (W), second, and Charlie Mo (H), third; fourth—Watson (25th), first, time 10 1-5; Anderson (25th), second, and Kauhane (W), third—Simon (25th), first, time, 10 2-5; Ken Loong (W), second; Shorter (H), third.

Semi-final results: First heat—Simon (25th), first, time, 10 3-5; Melim (H), second, and Fernandes (W), third; second heat—Watson (25th), first, time, 10 1-5; Anderson (25th), second, and Savage (25th), third.

Stickner Falls At End

Mitchell of the Twenty-fifth won the 440 yard event, which was the last number of the Pan Pacific. Stickner led for a great part of the event, but at the finish used a wind from the end seemed to go short, and Mitchell shoved him out by about twelve inches. The results were: Mitchell (25th), first, time, 54 flat; Stickner (P), second; Todd (K), third, and Leighton Ware (25th), fourth.

John M. Watt, Punahou and Cornell man, was the star of the Outrigger Canoe Club's track and field team, which came in for a big measure of credit. He won the Punahou-Cornell meet in fourth and in his the Punahou-Waikiki meet. He also figured on by his club, the Waikikis, and many others to finish first. Typewriter Johnson, of the Remington Typewriter Company, and Lieutenant Commander Joseph Leal and taken up with the sport and are showing good sights. The showing of this youngster, although, is not a surprise to those who chases cross around the Waikiki beach during the week, for the old head distance man chasing him in future meets. The time in this event was the best for a distance event ever made in the Islands for the distance, although it was not a record, for the reason that he bettered this time in his five-mile run in Kalaniana-Hilo relay race held last January.

Sport Talks

CHARLES K. STILLMAN — There are certainly some big men behind the Waikiki Athletic Club. We will meet them next Wednesday evening.

OLIVER F. SOARES—I never knew the Fleet before in Honolulu when there was such great rivalry and keen competition as developed at yesterday's meet. Some of the fleet will offer each other, but nearly all of them were of the Battleship.

BENNY SIMMONS—One hears a lot about Simmons as a baseball and a fence pitcher, but I don't see that he has ever been given credit for a typewriter who will operate this afternoon at Moanlua Park.

E. K. MOSHER—If I am not mistaken, the Islands will come in for the greatest week of sport developed in Hawaii at the Territorial Fair, Kapiolani Park, June 10-15. Everybody is invited to suggest anything that may add to the merriment of the occasion.

HARVEY CHILTON—I understand that Harvey is now practicing for swimming at the Palama Settlement, and that he will be a contestant in the swim good enough to compete I shall be glad to see him. Harvey formed the swimming club recently organized among the boys who left the Palama bunch.

PETER HOSE—If my corner was to be selected, I would pick the Fighting game. As it is I get too many of the fighters to suit me, and I would start Streets to care much about Streets' style of fighting.

JOHN S. GRACE—I am glad that after all, we will have some horse-racing. Although I can't say that I see how some people ever could think we could have a big meet without the horses on the diamond around this week of the Fair.

BROTHER ELMER—Now that the Hawaiian baseball season is on its way, the Interscholastic League will be organized. This is the best amateur sport drive, which will be the base ball season. It will begin shortly after the Easter vacation.

C. H. HOWERS—I will have an article for the Star-Bulletin boosting another and I want all my friends to help me. I am going to have a double-header which I am staging for the benefit of the Red Cross Society and the scouts.

ALEX APOO—As manager of the Hilo High School track and field team, I wish to compliment Editor Advertiser, the thanks of the Hilo athletes for the many courtesies we received during our recent visit.

WILL T. RAWLINS—I am glad to see that the A. A. U. has taken up track and field events. I never knew a track and field athlete in my life but loved them there was in yesterday's meet. The A. A. U. stands for the U. S., this naturally pleases me. Johnny Weissmuller is a fish.

THOMAS HONAN — I am happy, now that I know that I will be able to see the fleet meet. They're the same as a member of the Makapuu Point Fish Club. I am sure that I will be ready for the Prevention of Cruelty to Animals, if I don't see a large enough amount of fish.

ROY KRUGER—Volleyball is certainly a great game and they tell me that it is going to be played at the Territorial.

JAMES "CUNHA—There is a lot of fun in going after the frolicsome ulua at sea and a number of mainland fishermen have come to Honolulu, seeking like it over there.

BILL ROTH—Some billiard and pool tournaments at the Phoenix Club will be staged, which will be interesting with a lot of entertainment, and we will have some more boxing bouts there, too shortly which will be eye openers for the fans.

EDDIE NELL—I would like to see the Hawaiian A. A. U. affiliate with the Baseball League and I can't see why in a city of this size we can't give baseball the support it deserves at the championship.

WILLIAM T. BUSHNELL—Although I have been out of the game for a long time, I am glad to see that I have in the proposed Town Team of Honolulu, as I have had the honor of the old boys should get back into the game, and I am confident that we need looky as they ever were.

YOUNG SANTEL—Watch my coming bout when the wrestling gobs will be given a big bout, they tell me. I am going to meet Hawkins, against a fine Army mat artist and we should have a good bout. Hawkins is a clever wrestler and has been coached by Tomasbiko Mills, Fernandez was 165 2-3.

Ten-mile run—James Robinson (Twenty-fifth), Time, 4:47 1-5, Former record held by himself, 4:50 3-5.

100-yard dash — George Watson (Twenty-fifth), Time, :09 4-5, Former record held by C. Gilbert, :10.

Javelin throw—George Dawson (Kamehameha), Distance, 144 ft., 6 in., Former record held by R. K. Asahu, 144 ft., 6 in.

New Event

Five-mile run — Takeo Terraguea (Pan-Pacific), Time, 29:42 1-5.

Little Pick Ups At Track Meet

One world's record has brought the wait into the limelight in track. This is the 120 yard hurdle dash was beaten by Clifford Melim of the Honolulu Athletic Club. The time was :05 1-5. His time was good enough to beat any man, outside of swimming.

In several other falls but one second under the world's record was the :09 4-5 by George Watson of the Twenty-fifth.

The heats were not yesterday and there is quite a number of pleasant stars.

It was those to seven o'clock when the A. A. U. meet comes up again let those in charge arrange for some kind of a feed for the men who have come away from the track.

There were a number of delays but, nevertheless, the meet was a highly successful one and will be long published.

Watt broke the hurdle record in the 120 yards, but as he knocked the last hurdle down, his record was not allowed to stand. His time was 16 4-5. The old record was held by W. Lee, 16 2-5.

It was easily seen that Tom Hore is in the pink condition. Hore's best anticipation in the 50-yard trials Hore 5 4-5 seconds.

James Smith of the Twenty-fifth went his three-minute run, but about half way became exhausted and fell by the wayside. While in the act of falling he was assisted to his quarters when, without aides, he came to life and resumed the track. He is a game effort but failed to finish.

Ho Bunn Hee showed up well in the mile but finished fourth.

Takeo Terraguea, Hilo's big Japanese runner is the premier long-distance runner in Hawaii today and after winning the five-mile run in the A. A. U. meet today he taking the five-mile in the Fair meet, 29:42 1-5.

The world's record in this distance is held by Hayes, who ran it in 1904 at Glasgow, Scotland, in 1904 on June 17, in 24:38 2-5.

The Twenty-fifth Infantry and the Waikiki Athletic Club are the number one class, with five each to their credit. The Waikiki Athletic Club was next with four and the Honolulu Athletic Club with two. The Pan-Pacific and Kamehameha teams split even with one each.

The second placers the Twenty-fifth got six and the Waikiki Athletic Club five. Honolulu Athletic Club was third time and the Pan-Pacific took two, with the Outriggers qualifying for one.

The Honolulus were in the second places, getting five, and the Twenty-fifth four, with the Waikiki Athletic Club was a tie between the Outriggers and the Pan-Pacific, each having one more than the Waikikis and two more than Kamehameha.

Waikiki Athletic Club led in the number of firsts, with seven to their credit. The Twenty-fifth men had five in their favor and the Outriggers and Honolulu Athletic Club two. Pan-Pacific had one apiece.

The Twenty-fifth troopers was high point man in the meet, getting twelve and a half points. He was first in the pole valut and high jump, third in the

DOG FANCIERS ARE EARLY ON THE JOB

Four Entries Received Already For Territorial Fair Kennel Bench Show

Four entries have been filed for the Hawaiian Kennel Club's bench show, to be held at the Territorial Fair in June. Mrs. H. F. de Vis Norton will exhibit a pedigreed English bulldog, Commander and will place her kennel at the, George R. Cooke's German sheep dog and Charles A. Cooke Hill, a German sheep dog.

Entries will not close until June 1 but owners who contemplate placing their animals on the bench are requested to give notice of their desire as early as possible, so that the committee may gain an idea of the space and facilities which will be required. Exhibitors will have the privilege of altering their entries if they desire, up to June 1, without penalty.

Tom Sharp, secretary of the Kennel Club, has been busy in the interests of reports wide interest among Island owners in the coming exhibition. Many are grooming their animals and getting them into show condition, and some are also training their canines for obedience and having these registered by the American Kennel Club.

Secretary Sharp Speaks

"Owners desiring to have pedigrees registered by the American Kennel Club for dogs exhibited at the June bench show," Secretary Sharp explained today, "should apply at once under the American Kennel Club's auspices, hence any pure-bred animal registered by the Hawaiian Kennel Club in June event may compete on a par with any thoroughbred.

"At the same time, participation in the informal obedience tests conducted under the national organization will not endanger their standing with the latter to prevent their entering in the American Kennel Club's events at any later time."

Ho Bunn Hee won the running broad jump and got half point in the relay team finishing third.

Ho Bunn Hee is under the coaches of the Honolulus who took eleven points. He was third in the mile run and second in the mile and five mile runs.

Ho Bunn Hee's work netted great ten points by taking the two hurdles; Robinson of the Twenty-fifth made a clean sweep in the two and five miles and mile. Laidlaw of the Waikikis took one point in the mile run. Hammer and likewise totalled two points. Melim of the Honolulus got a point each in the 100 and 220 sprints.

Referees Fernandes, Ho, Ho Bunn and Dower certainly did run in the half-mile relay. There was nothing to it, but they had to be on the job.

For stamina we pick on Melinske of the Honolulus. He was right on the job in the five and mile runs and the mile walk.

It looked like Stickney had the 440 yards in the bag, but Mitchell came on winning at the tape.

Ho Bunn Hee, Laidlaw is still in the game. Notice how the hammer and discus fell to his lot.

Ho Bunn Hee was 5-5. Enough said, he was really flying.

Watson broke away easily from Watt in the 220 low hurdles. It was a pretty race.

Before the mile came off Rouse sold Hawkins behind out that he is going to break the mile record." This he did, the time was 4:45 flat.

"Buzz" Smith is coming with every race. Now, was it not a pretty 220 he ran?

Simon of the Twenty-fifth was a busy man in the meet.

The Lindley of old is still in the swim.

As expected, Kau Leong got the high jump.

Greenoe did noble work for the Waikikis.

Scott would have probably won the mile had he figured one lap more. As it was, he was content to finish at the final just lap.

The men of Kamehameha was a dark horse in the javelin.
