

RECORD LIST OF ATHLETES ENTER FOR BIG A. A. U. MEET ON SATURDAY

Local Clubs, Military and Other Organizations Send Crack Track and Field Men for Contests—25th Infantry Favorite But Other Aggregations May Spring Surprise

There will probably be no event on the Territorial fair program that will attract more popular interest than the big A. A. U. track and field classic scheduled for Saturday afternoon, June 15. The largest list of entries yet recorded in the territory is already assured and some lively competitions will result in the different events, with all the stars of all the islands on hand to join the fun.

Sport critics expect several of the records of the territory to go by the boards in the big affair, and a great many of the athletes share the same opinion. Every club and organization from the 25th down is laying plans for strenuous cinder campaigns and the majority of those entered have been working out for months.

The large saucer of Kapiolani Park will be in excellent shape by the time of the meet, and workmen are already engaged in scraping, wetting and rolling the surface of the track. The course is so commodious that 15 men can run abreast on it without being at all crowded. It will be possible, also, to run the 220 dash and the low hurdles on the straightaway and the quarter mile on a slight turn. These conditions will make for faster time in the sprints and middle distances.

Of the organizations entered, the 25th Infantry is the ruling favorite. This bunch of speedsters has won every A. A. U. meet since the arrival of the regiment in the territory and Captain Carr, athletic officer, is authority for the statement that this winning record will not be broken. The big "aces" of this outfit are its sprinters, quarter milers, distance men and weight throwers.

Some of those who claim to know say that the newly organized Waikiki Athletic Club will walk away with the bacon in the big affair and it must be admitted that this aggregation has the cream of the school athletes and a goodly share of the soldier stars. At present writing this crew seems to have the brightest chances of walloping the Schofield errors.

Another club that may break into the honor class is the Honolulu Athletic Club. This team put up a nice fight in the recent A. A. U. meet and has several stars on its lists, notably Clifford Melim and Bill Meinecke, the veteran trackster, who has been running in A. A. U. meets for the last 15

years or so. "Piper" Rodrigues will have the javelin in this combination.

"Dad" Center and his Outrigger boys are out to give them all a race for first honors and perhaps the Flying "O" will flash under the tape in the lead. John Watt in the hurdles, Smith in the 440 and Bromley and Lindley in the field events are the mainstays of this team.

George Murakami will enter his Asahi club lads in the big fracas and these youngsters should show to advantage in the five mile grind. The Marines, the Department Hospital, the National Guard and other military organizations will have good men entered in the various events.

The meet will be featured by the introduction of several races of a special nature for the Boy Scouts and Boys' Clubs of the city. Otherwise the

DOG SHOW WILL BE LARGEST IN LOCAL HISTORY

Entries for the dog show, to begin on Monday, have been coming along splendidly, and from all indications it promises to be one of the most successful events of the fair.

The committee in charge has been so fortunate as to secure the services of Mr. Jack Bradshaw of San Francisco as judge. Mr. Bradshaw is a licensed judge of the American Kennel Club and has already judged three dog shows this year in the States.

The dogs will be of all descriptions, but must be registered with the Hawaiian Kennel Club. In addition to the regular prizes, there will be a prize for the largest exhibit, best dog in "miscellaneous" in Honolulu; best dog in miscellaneous outside Honolulu, best dog in show, best in puppy class, variety brace, and to holder of largest number of ribbons, a special.

Dogs are generally judged on their size, build, carriage, bearing, spirit, their physical condition, the appearance of their eyes and hair. Among those entering dogs are J. F. Colburn, pointer; Leon Tobriner, pointer; Mrs. C. D. Squire, Airedale terrier; Hawaiian Polo Club, poodle; George Bustard, collie; Donald Hayselden, English bull; Mrs. A. C. Bromley, American bull; Frank Almeida, two Boston terriers; H. F. Vosskuhler, two Airedale terriers; L. W. de Vis-Norton, English bull; Charles M. Cooke III, German sheep dog; George P. Cooke, German sheep dog, Chu Gem, two English bulls; Mrs. W. P. Dillingham, chow; Mrs. C. D. Lillie, collie; Mrs. W. C. Hobdy, Spitz; Mrs. A. A. Young, poodles; Mrs. A. G. M. Robertson, collie.

DO YOU SUPPOSE THERE ARE ANY

BERNE—A census of all the tame rabbits in the German Empire was taken by order of the authorities on March 1, owing to the increasing importance of rabbit skins for army requirements.

program will be just about the same as for the April A. A. U. meet with the exception that the 60-yard dash will be substituted for the fifty.

The contest will be run off on a strict time schedule and the officials will wait for no one. This will speed up the meet and will avoid the long waits of many recent athletic competitions.
