

# Y. M. RECRUITS TO BE GREETED

Two hundred and seventy-six new Y. M. C. A. members, gathered in yesterday's one-day "man for man" campaign, will be the guests of the association at stag "open house" next Tuesday night. Invitations for the affair are in today's mail.

"Jam" Johnson's Gasoline team led Frank Cannon's Gas team by a considerable margin in the final returns, turning in 177 new members to 99 for the Gas bunch. It was a good race and both teams did fine work. It is expected that other members will materialize from their efforts.

It is felt that many men have been joining the "Y" without the slightest idea of even knowing what is in the building. The entire central building is therefore to be open to inspection next Tuesday night and every new man is to make a tour of the place. Mr. Glenn Jackson, acting executive secretary of the Central "Y," is announcing that the slogan in the building this year is "You're Welcome." All creeds are welcome, the service men have their uniform for their membership ticket, and all nationalities are represented in the membership rolls.

A match volleyball game is planned for the games hall for Tuesday night between the Outrigger and the businessmen's team of the Y. M. C. A. gym classes. The handball courts are to be presided over by expert handball players, while a scheduled match game is on in the bowling alleys.

The pool and billiard rooms are to be opened to the new members free of charge. The entire building is being placed in readiness for the new men and an interesting and varied program prepared in their honor.
