

START WORK ON MOILIILI COURT

Work commenced today on the Moiliili field basketball court to be used by the Oahu Service League in staging its scheduled games. A site has been selected, close to the grandstand where the turf is exceedingly good and the ground level. The grass cutter is busy and a heavy roller will flatten out the surface so that the grass will be as hard as a wood floor when the work is completed.

Already

Quite a number of the teams have already signified their intention to play outdoors, the "flu" orders prohibiting crowds indoors. Should the "flu" order be rescinded the games will probably be staged indoors but the possibility is at present too remote for discussion.

The schedule calls for a doubleheader Saturday afternoon commencing at 2:30 o'clock. The Coast Defense will play the College of Hawaii and the Marines will meet the Wireless. On Sunday afternoon at 2:30 o'clock the Signal Corps plays the Department Hospital and the Outrigger Club will battle the 1st Hawaiian Infantry.
