

OUTRIGGER CLUB TO TACKLE PUNS TEAM TOMORROW

(Special Star-Bulletin Correspondence.)

The Outrigger club football team will have its initial workout against the Punahou academy eleven tomorrow afternoon at 5 o'clock on Alexander field. The Surfriders have been hard at work this week and from the showing the boys have made during signal practise it looks like a banner year in football for the club.

Show Well

Jimmy Hart, the old reliable half-back, is in the pink of condition this year and the way he hits the line is a repetition of his appearance on the field three or four years ago. Gilbert Canario, who is considered the best forward passer in the islands, is showing up well this year and with such reliable ends as Rodrigues and Singlehurst, this trio will cause the opposing teams no end of trouble.

Others

Capt. Bill Inman is looking after the fullback position and although handicapped by a former injury to his knee is in great shape. Tom Cockett is another old timer who is a whirlwind when it comes to hitting the line and no doubt will be a consistent ground gainer this year. Sonny Hart, Pat O'Sullivan and Herbert McInerny are a trio of linemen who top the 200 pound mark and as they have the weight and experience, there is little chance of the line being dented.

McInerny Out

Dave Kahanamoku, Donald Brown and Bill Thompson are players with considerable ability and should show well, especially Bill Thompson, who was a star tackle at McKinley a few seasons ago.

George McInerny is out of the game at present due to injuries, and his place is being filled in a creditable manner by Claude King formerly of Punahou.

"Piper" Rodrigues and Singlehurst will look after the end positions. George (Everest) Quintal is the identical chap who won a championship for Punahou in 1914 by his wonderful drop kicking and punting. Everest has still got the old zip left in his right toe and is playing the game from the quarterback position as of old.

Sanford Blake has had little or no experience but as he is a willing worker eager to learn, he will in all probability before the season is ended be a regular backfield candidate.

Taken all in all the Outrigger club has a rather classy aggregation of players and should give the rest of the clubs in and around town a good run for the football supremacy of the islands.
