

OUTRIGGER GETS PUNAHOU FIELD

Now that the interscholastic football league has come to an end and the Punahou team is not using it, the Outrigger club has been granted permission by the academy authorities to use Alexander field in their daily workouts in preparation for the coming games this month. The use of this field will greatly aid the surfriders in further conditioning themselves, as there is a tackling dummy and a bucking machine which will help the linemen to a great extent in tackling and charging.

Coach Inman had his squad out last night for the first time since the Thanksgiving Day game. As it will be nearly two weeks before another game is played by the Outrigger club, it was deemed advisable to let the boys rest up a bit before commencing the grind again. The beach aggregation has got to get along without the services of C. King, Fat Hart, D. Brown and Bill Hollinger, all of whom were injured in the Town team game. It is hoped that these men will be able to play the Christmas Day game.

New Stars

Bill Inman has signed up four or five of the star players of the Punahou championship eleven and with these new men in the lineup will endeavor to wrest the championship from the Town team when the latter meets the Outriggers on Christmas Day. Teddy Searle, Hopli, Kapakui and Sam Fuller need no introduction to the football fans of the city, as they have been before the public eye during the past few months, and demonstrated their football ability in more than one hard contest. The acquisition of these four players by the Outrigger club will greatly strengthen the Beachcombers and a rattling good contest should be in store for the fans on Christmas Day when the two organizations meet again.
