

# FIVE TEAMS FOR SOCCER LEAGUE

---

## Season Will Open Up January 17; First Games At Makiki

---

Five teams entered the Honolulu Soccer league last night and there is a possibility that one or more teams will come in before the season opens a week from this Saturday. The league has obtained Makiki field for its early games but needs a field for its windup series.

The five teams entering last night were Luke Field, Marines, Rangers, Palama and 35th Infantry. Due to the possibility of the Outrigger team and perhaps one other coming into the league the schedule has been left aside temporarily.

The soccer league will play "twice around." Substitutes will be limited to four men at the beginning of each quarter instead of unlimited substitutions as permitted formerly. No substitutions will be allowed for players removed for infractions of rules.

Definite word from the Outriggers, 3rd Engineers and 19th Infantry is expected by the league within a few days. Palama and Rangers plan a practise game for next Saturday.
