

Klum Team Takes First Honors With Outrigger Palama Squads Next

Dean Half-Mile Relay Team Runs to New Record in 1:32 Flat; Outrigger Four-Mile Combine Beats National Meet Time

By EZ CRANE

WHILE four island records went toppling and four open relay marks were hung up for future stars to shoot at, Otto Klum's Varsity romped home with a victory in the first annual Rainbow Relay Carnival. Jack Slade's Outrigger club was second and Wallace Saffrey's Palama squad was third. The Deans marked up 87 points to 55 for O.C.C. and 47 for the Pala. Captain R. G. Lehman carried the 27th Infantry Wolfhounds into fourth place by winning two first places in field events for 10 points.

A fair sized crowd turned out to help make the first open relay carnival a success—but that same crowd evidently left every iota of its enthusiasm and pep stored away in the family closet. Even when the Outrigger four mile team turned in a time of 20:10 for the distance which was announced as 25 seconds faster than that made at the 1924 National meet at Newark, New Jersey, the fans merely whispered their approval. Evidently only the breaking of a world mark would cause the reticent Honolulu populace to break into genuine applause. So much for that.

If there were any doubts as

to the permanency of the Rainbow Relay Carnival, they were dispelled long before the middle of the program was reached yesterday. The events were run off with clock-like precision and the officials worked smoothly and efficiently so that by 4 o'clock the last event was chalked up on Eddie Hoch's score board and the first open relay carnival had gone down as a roaring success in Hawaiian track annals. Added to the good work of the competitors and officials—the weather for once was ideally perfect for the running off of a track meet. Only a puffy breeze out of the northwest occasionally swept across the field and slightly impeded the running of the 120-high hurdles. It was a great day and one that the University of Hawaii—sponsors of the meet—can long remember with pride.

THREE RECORDS GO

Three field event records were broken during the afternoon. Herman Clarke's 43 feet 8 3/4 inches in the 16-pound shot bettered M. DeMello's mark of 41 feet 7 inches made in 1923. Capt. R. G. Lehman shattered Pong's discus record established in 1923 when he tossed for 117 feet 8 inches. Pong's mark stood at 116 feet 6 3/4 inches.

One of the big surprises of the afternoon came in the javelin when Jim Cruickshank defeated Willie Wise, and in so doing broke the latter's 1924 mark of 161 feet 10 inches. Cruickshank turned the trick on his last throw and set up a new record at 163 feet. The University of Hawaii half-mile relay quartet went back into ancient history and cracked the half-mile relay record long held by the old 25th Infantry team. The Deans flashed across the line in 1:32 flat, which bettered the doughboys' time by one-fifth of a second. The Outrigger Club finished close behind in one of the most spectacular finishes of the day. It was a great race all the way between the two teams.

SURFERS STAR

The four-mile relay team representing the Outrigger Canoe Club ran into a claim for national distinction when the beach quartet did the four-mile grind in 20:10, which is just 23 seconds better than the time for the National four-mile relay last year. This establishes an island record. The Outrigger quarter-mile relay combine set up an island mark of :44.2-5, while the Palama two-mile quartet did the same thing in its event. The Dean one-mile relay team's 3:33 is also a new island mark.

Eddie Fernandez showed that football is not his only strong point by walking off with high-point honors for the day. Eddie stepped out and copped the first honors in the 230-yards low hurdles from a fast field. He was second to Lehman in the discus and held down a lap on two winning relay teams, all of which gives him a total of 12 points. Captain Lehman was second with 10 points.

DEANS' CLEAN UP

The Deans made a killing in the 100-yards novice event. The first three to cross the line wore the rainbow shield of the varsity and the time of :101.5 denotes that Ted Hair had to step high and fast to win it. "Pump" Searle gave the fans a treat and finished second and Ching took the third place. George Freitas of the O. C. C. took fourth place. The four placers finished within a nose of each other.

BAD TRIMMING

The varsity one-mile relay quartet did the unexpected and gave the Outrigger entry a bad trimming. The beach club team was the favorite before the race, but the Monza outfit soon turned the dope upside down. Montcastle, Thompson, Cruickshank and Fernandez proved too much for the fast Outrigger team and the latter finished a good 50 yards ahead of Deversil, rowing anchor for the beach club.

2-KUM

TO LEHMAN ALSO

The discus went to Lehman, who broke the island record. Fernandez took second for the Deans with Pong of the Pala third and Clarke, National Guard, fourth. Jim Cruickshank and Willie Wise finished first and second in the javelin.

Your weight is your size in a Jantzen!

THE fit-by-weight method is another Jantzen innovation—originated because the surprising springiness of the original Jantzen stitch accommodates the build of the body "across" and "up and down" regardless of waist or chest measure!

One hundred and sixty pounds, for instance, takes a Jantzen size 48. As easy as that! There's a weight-and-size scale on every suit.

Only in a Jantzen, also, do you get the patented bow-trunk pattern, the non-rip crotch. The reinforced Jantzen shoulder strap is reinforced by an unbreakable rubber button. The most widely-sold swimming suit in America!

Hawaii's dealers carry Jantzens in attractive 1925 models for men, women and children.
