## Some People Have the Wrong Idea About What is to be Expected of Island Track and Field Men

Don't expect too much and you won't be disappointed!

Seems like a lot of folks in town figure Burton Hooper and Bernard Farden of Honolulu to clean up in the national A. A. U. track and field championships Friday, Saturday and Sunday in San Francisco.

We want to get that idea killed now. If Hooper and Farden make a good showing, that will be enough. They should win in the junior meet, and if they do that it will be sufficient.

For in the senior meet Farden will go up against men like Cyril Coffee, H. F. Evans, Jackson Scholz, Chester Bowman and Frank Hussey, while Hooper will be pitted against Willie Ritola, Egie Krogh, Russell Payne and Joie Ray.

If Farden or Hooper should win against those men, it would amount to an international sensation. Frankly, we will be satisfied if Hooper or Farden are in the money against such talent as we have mentioned above.
