

Galaxy Of Prep Stars To Compete For Palama

Army Enters Strong List Outrigger to Use Pun Boys

By RED McQUEEN

ENTRIES for the Rainbow Relay Carnival which takes place this Saturday afternoon at Kamehameha field closed Saturday with Henry O. "Pop" Pfaender at the Nuuanu Y. M. C. A. blanks being filed for the big compet by the cream of the local track fraternity.

All told, some 175 signified in writing their intention of competing and were checked as members of the A. A. U.

Palama Settlement under Wilder Parker and the U.S. Army have the largest entry lists, while the University of Hawaii and Outrigger registered fairly good-sized teams.

STARS WITH PALAMA

The majority of star performers in the recently closed prep meets signed under the colors of Palama Settlement. Among these were Edward Cabrinha, St. Louis College flash and Walter Murai of McKinley. George Indie was also on the Pal roster.

Ray Melim, prep satellite of some years back was also on the Palama list. Melim has heretofore carried the Outrigger Canoe colors but switched to bolster what looks like another championship Palama team.

As for the Army, many old names were found including that of the great Frank Cerney, "Schofield Express" and Nather, another good performer.

The Nuuanu "Y" team consists of but four men but each carries a good scrap book. Benny Chong of McKinley, Chee Chan, St. Louis flash, Robert Ogawa and Hung Wai Ching, erstwhile University captain and kingpin formed the quartet.

PUN STARS ENTERED

In the Outrigger Canoe club list appeared the names of the crack Punahou Academy team which returns tomorrow from the University of Kansas and Penn relays. Whether the boys will compete remains to be seen. However, many other good men are entered from the beach club.

The following are the club rosters:

OUTRIGGER CANOE CLUB

Pierre Bowman, Jas. Danford, Wilfred Paul, Elbridge Durant, Sam Clarke, Peter D. Kahler, Richard Penhallow, Chas. McDonald, E. A. Friedman, John Schenck, H. H. Smith, K. Clarke, W. Fullaway, Albert Gay, Carl Farden, Jack Myatt, H. H. Adams, Tyler Whitmore, Herbert E. McKenney, James D. Dole,
