

Waikiki Club Will Be Seen In Meet Soon

Dowerites Will Hold Practise Meet With Kamehameha at Kam Field on March 16

Following the Cornell relay meet the next events will be the practise meet between the Waikiki Athletic Club and Kamehameha at Kam field on March 16. Then will follow the interscholastic meet and the A. A. U. meet. The duel meet between the two teams will be only a practise affair, and will bring out to some extent the strength of the two teams.

The Waikiki Athletic Club is certain to meet with the approval of all the fans interested in clean sport. Ernest Chase, one of the leaders at the Outrigger Club, is positive that the Waikiki Club can do much good in the community, and although he is pulling for the Outrigger team to win out in the A. A. U. meet he believes that the Dowerites will give the other teams some keen competition.

A number of athletes representing the Waikiki Club will practise at Kamehameha field for the coming A. A. U. meet. A number of other runners will try out for the various events at Mills field. Both Mr. Bartlett and Mr. Wyman have offered the use of the track for the athletes of the Waikiki Club and the Punahou boys are using Alexander field. Although the newly formed organization is not claiming any honors for the year, it is certain that they will figure in many events in the A. A. U. meet to come.

Support for Club

A number of devotees of athletics in the city said yesterday that they would be back of the club in every way, and as soon as the temporary committee meets work will be started on the election of permanent officers and the campaign for membership.

Weston Dower will select the men who will run in the various events on March 30, and he has already a number of stars who are expected to show something in the coming practise meet on March 16. Bert Shannon is expected to make a good showing in the mile, and the blonde runner has another star who is figured on in the five mile run.

A. E. Wyman and Tom Hore have taken a deep interest in the progress of the athletic team and these two authorities on athletics, working with Weston Dower, should develop some good material. The young athletes will be given every chance to show what they can do in the various events. "Work together" has been the slogan issued by Captain Dower of the team, and this should be a big factor in making the club one which will rank with the best in the country.
