

SWIMMERS WILL BE BANQUETED TONIGHT

The Outrigger Canoe Club and the Pan-Pacific Association will give Duke Kahanamoku and Clair Tait, who are going on a mainland swimming tour, a farewell chowder on the Outrigger grounds at seven o'clock this evening. Members of the Outrigger, the Women's Auxiliary and the A. A. U., who wish to have places reserved are asked to phone 2989 before noon today.

Owen Merrick, the third guest of honor, will accompany the swimmers on the mainland tour as manager and press representative. It was decided yesterday that all receipts of the tour above actual travelling expenses will be donated to the local Red Cross organizations in each city where an exhibition is given. Only three will leave from Honolulu, Harold Kruger and Clarence Lane joining the party on the Coast for the mainland tour.

Surfing Film To Be Shown

At the chowder tonight Fred J. Halton, secretary of the Hawaii promotion committee, will show some wonderful surfing films in which Duke and the Outrigger experts play dramatic parts. It is the film Halton showed all over the United States but it is ab-

While the seas are rising with unhappy regularity, Charley Fragam is mightily pleased with the showing his pitching staff is making. He believes that if the outfield could be strengthened up properly he would have a real penanteer, for every other department is strong. In the past two or three weeks there hasn't been one badly pitched game. Baum, Seaton, Smith, Kantlehner and O'Doul have shown splendid form. They have lost games only because they haven't a run-making club behind them.

solutely new to Hawaii, having just arrived.

Mr. Halton will also be a guest of honor, as his assistance was largely instrumental in launching the present swimming tour. It was hoped and expected by the Pan-Pacific and the A. A. U., that he would be sent with the swimmers by the promotion committee, and there was much disappointment that this could not be done, as his experience would have been invaluable in managing and directing the tour.

And They Will Dance

Some of the best surfers and orators will give five-minute talks tonight and "Dad" Center will preside, which means that the entire young and athletic element of the Outrigger Club will be there, and that spells "Dance" in the big lanai after the chowder and the motion picture seance.

Every member of the Outrigger Club is invited to be at the chowder to the swimmers tonight, and the women of the Auxiliary will also be welcomed.
