## MODEL BATHING SUITS TO BE DISPLAYED IN CAMPAIGN

Bathing suits indorsed by the Women's Auxiliary of the Outrigger Club will be displayed in the windows of Honolulu's leading drygoods stores, arrangements having been made today by women leading the campaign against the "indcent" suits at Waikiki beach. The men of the Outrigger Club have indorsed the purpose of the campaign, as has the Y. W. C. A., a total membership of nearly 3000 in the three organizations now being on record as against the too-scant bathing costumes. When the campaign gets a little further, it will take shape in a petition to the supervisors to pass an ordinance prescribing suits that meet public approval.
