

NEW MEMBERS GIVEN

RECEPTION AT Y. M. C. A.

About 200 of the new members taken into the "Y" during the recent membership drive were present at a reception given in their honor by the team captains, their workers and the directors of the campaign, last night at the central association building.

The men enjoyed watching the several games that were featured for them. In the games hall the Business Men's class "Cubs" played the Outrigger club at volleyball. The Outriggers beat three games out of five. Two hand ball games were played simultaneously in each of the hand ball courts.

The swimming pool was full of boys from the 18th company of Boy Scouts. Some clever diving was done by V. C. Sanders, U. S. A., from the new spring board and from the high platform. The water in the "Y" pool is a great sight at night, with the lights underneath and the two large lights over the pool, and it is changed each day, making the water as clear as crystal.

The newly reorganized Y. M. C. A. orchestra was the surprise of the evening. Several selections were played, including "Light Cavalry" overture by von Suppe, Carmen selection, Poet and Peasant overture and several popular pieces and some marches.

On Friday, September 27, a big open house social, in which the gym will feature and the ladies will be invited to the cafeteria, will be the next social event at the "Y". All of the new members are invited as well as all of the membership of the association.
