

BIG SPORT PROGRAM AT AUTO CLUB PICNIC

E. E. Bodge and "Dad" Center made a special trip out to Niu Bay at noon today, to inspect the site of the Honolulu Automobile Club's picnic, which is to be held there next Saturday afternoon. Center will arrange for the boat, swimming and other aquatic races and sports, possibly using equipment loaned by the Outrigger Club for the occasion.

From present indications the H. A. C. family picnic at Niu promises to be the most popular social event in the history of that organization. Some rare entertainment features are promised.
