

# GRID TEAMS TO TALK IT OVER

---

Representatives of the College of Hawaii, the Town Team, the Phoenix team, and the Outrigger team, have arranged to meet at the Elks' club at 1 o'clock Saturday to decide whether to accept the invitation of the O.-S. A. L. or whether to run an independent series of their own. The Sixth Aero Squadron team has been invited to be present and they talk of making up a five-team layout, playing two games in Honolulu each week and one team resting. As far as can be learned none of the four civilian teams want to go to Schofield unless they get a substantial money guarantee.

A meeting of the proposed "Service League" is to be held this afternoon. Lieut. Corey of the naval station is to meet J. A. Beaven today and get the O.-S. A. L. position in the matter. He is apparently opposed to breaking up the present combination of civilian and service athletics.
