
Sanders Proves Surprise, Taking Open High Dives

For the first time in a year Bob Fuller has been defeated in high diving. The famous Healanian man was slightly off color last night while Virgil L. Sanders of the coast artillery corps was in the pink of condition. With the exception of one handstand in which he failed, Sanders made every other attempt a complete success.

Jack Hjorth of the Outrigger club finished second and Bob Fuller was given third place. Though Fuller was given first place in the spring board diving Monday night there appears to be a dispute as to the points with the result that it will be up to the referee to make the final decision.
