## DECEMBER SWIMMING MEET

The dates of the December swimming meet may be changed. At present it is planned to hold the meet at the "Y" tank on the nights of December 4 and 5 but if, as the latest information says, the boat for Australia sails on December 5, the meet may be held on the nights of December 3 and 4. The suggestion has been made to the committee that the meet be set for December 4 and 5, and a chance taken that the Canadian-Australasian boat is late.

Norman Ross had a great time this morning at the Y. M. C. A. tank when two moving picture men got busy on the "Big Moose." In answer to a call for youngsters there was a mob turnout so that Ross almost got left out of the picture. The absence of William Bachrach, coach of the Illinois Athletic club, was noticeable because it was just the kind of a gathering in which "Shookum Bill" would shine.

"I'm a reasonable guy and if anything in reason is offered you know I am always out to better myself," said Norman Ross on the second day of his arrival here last month in answer to the question of whether he intended to stay here.

The Hui Makani will enter the December meet at the Y. M. C. A. tank. Men from the U. S. S. Beaver, mother

ship of the 14th Submarine Division, McKinley high school boys and Coast Artillery Corps men are promised as entrants to the meet next week.

Noon Tuesday is the hour set for the closing of entries for the December meet. Efforts are being made to secure an entry from Duke Kahanamoku and Lady Langer, either for a regular race or an exhibition event.

Mel Nicoll of the Hilo Yacht club arrived in town today to discuss with "Dad" Center, dean of swimming matters in the islands, various matters in connection with boosting the swimming game in Hilo. The meeting of the Hilo Swimming association is scheduled for December 5.

Coming on the steamer Lurline is Helen Martin, former Outrigger Canoe club swimmer, who is now a San Francisco star and holder of the Pacific coast breast stroke record. While she will arrive too late to do any training for the local meet, those who know her say that she is just as likely as not to decide that she can beat all competition without any extra training and she may make a post entry.

With the supply so rapidly diminishing it is no uncommon thing to hole out in one shot on the nineteenth.

## HILO SOCCER MEN PREPARING FOR BA

HILO, Hawaii, Nov. 27.—Soccer football players may be seen on the Mooheau park on Sunday afternoon, engaged in the first practise game prior to the match with Honolulu for the C. C. Kennedy cup, now held by Hilo.

There are quite a number of Soccer players in and around Hilo, all of whom are lacking in practise, however. Several practise games may be played between now and New Year's Day, if the men will turn out, as it is expected they will. Half a dozen enthusiasts are arousing interest by their efforts to arrange a couple of teams for a game on Sunday, and among these are Walter Watson and Leslie Forrest.

List  
 Forrest has a list of 15 players from which he expects to select a team against the eleven Walter Watson has chosen. This list includes George Lawson, P. Friend, Jack Daly, J. Grieve, D. Mollison, W. Irvine, Lee-
