

# STARS WILL BATTLE FOR WORLD HONORS

Over Hundred Meters Course  
at Y. M. C. A. Tank on  
Wednesday Evening

More than mere meet honors will be at stake when Duke P. Kahanamoku (left), world champion sprint swimmer, and Norman Ross (right), world champion middle distance swimmer, meet tomorrow night in the Y. M. C. A. tank.

The Illinois Athletic club star holds the world record for the 100 meters in a tank, having made the distance in 1:01.

The Outrigger Canoe club swimmer holds the open water world record for the same distance, the time being 1:01.2.

So when these two great stars come together tomorrow evening the world title will be the prize. Both champions are doing their best to make it a real race.

That race alone should pack the Y. M. C. A. tank seating capacity beyond all expectations.
