

Outrigger Club Meeting Called Off Until Aug.

Lack of attendance at the scheduled time last night caused the postponement of the annual meeting of the Outrigger Canoe Club. There were not enough members present for a quorum and so the meeting was postponed until August 5 at the same place and time of day.

This is the first time in the history of the Outrigger Club that the members have not shown up for the annual meetings, and the cause of this apparent lack of interest is a puzzle more or less, to the officers. As it is several important business matters that were to have been attended to at last night's meeting are now to be held over until August 5.
