

PROGR

SIX EVENTS ON THANKSGIVING

Surf Club Swimmers Are
Already In Training For
Events

By MIKE JAY

The program for the annual Outrigger Canoe Club's surf swims on Thanksgiving morning has just been announced and includes a total of six events.

The annual surf swims were started some years ago, but were interrupted during the war. The main event of the affair is the men's open from Castle's surf to the club. The women's races are from the public baths. The men's over 30 years will also start at the public baths, as will the race for boys under 18 years of age. The boys under 16 and the junior girls will start from Cunha's surf.

All the finishes will be at the old diving stand, represented by three stanchions still standing.

Chester Sims has won the annual swim for men for the past two years. Duke Kahanamoku won it once and Carbis Walker also won it. The latter became famous last year in his swim across Lake Erie and his attempt to swim the English channel. Mariechen Wehselau has been a consistent winner of the women's swim.
