

Indoor Meet

(Continued from Page 15)

piko, Sr. Each chairman has five members of his committee, the entire group forming the board of directors.

The Hui is not taking the interest in developing swimming as a matter of self-glory, but fully appreciate the work done by others in the community for swimming and are making this bid to help and do their share to assist in bringing Hawaii the fame it once enjoyed as the home of champions.

They feel the material is here and the time opportune for them to add their bit to the work of others to promote competitive swimming in the Islands. It is their plan not to draw talent from Honolulu only, but to encourage swimming on the other Islands by assisting wherever possible in bringing down the best talent on the other Islands to participate in the two meets to be held each year.

The Kamaaina Beachcombers Hui now has 172 members on its roster, all selected carefully on the basis of having done something outstanding in the swimming game here in the past.

the trumper-out manner way yester-day by dumping George "Rope" Ro-driguez and his Pipe & Electric com-bine, 9 to 8, in the feature of the Pearl Harbor Civilian baseball league doubleheader. In the other game, the Machine shoppers kept themselves in the running by trouncing the Ship-fitters in a 14 to 6 slugfest.

As a result, the title chase shows three teams still in the running. The Machinists and Public Works have their two postponed games with each other to square off and each has won three while dropping one. The de-fending champs completed their schedule and finished with four scalps out of six tries.

The two remaining games will be played off within the next two weeks and should they each break down, a triple tie will result. Otherwise the championship will go to the team win-ning both games.

NIP AND TUCK BATTLE

The feature yesterday was a nip and tuck affair with each team spot-ting three and four run rallies. With the score reading seven-all in the last of the fourth, one away and the bags clogged, Joe Duarte pulled himself from third base to relieve Lefty Wong. Duarte whiffed Charlie Wills and Boss Rodriguez to pull his team out of a bad hole.

Thereafter Duarte dished out two-hit ball for one run, while his mates nicked Joe Ah New for two markers in the sixth to decide the issue. Thirteen hits together with errorless ball made up the difference as to the better team yesterday. The last year champs piled up 12 smacks and were guilty of four misuses.

Leading the batting parade were Duarte, Wong, Chin Lo, "Maui Bill" Fernandes and Harold Garcia with three hits apiece. Caetano conked a homer, Johnson a triple while Harold Garcia poled up a triple and two doubles.

HITTING BARRAGE

Nine runs resulting from 11 hits sewed the game for the Machinists in the first two innings with Charlie Kaulukukui finding his way to the showers in favor of Freitas. The lat-ter, however, fared better but his mates played sloppy ball to err seven times. The winners amassed 19 hits, including three homers, two triples and three doubles. It was a gala day for the Bill Yonnes coached crew.

Homers by Laimi Alvaro and John-ny Duarte accounted for four runs in the opening chapter. They fol-lowed with five in the second with Thatcher accounting for three of them with another circuit clout. The Ship-fitters spurred for two runs in the second and picked up three more in the sixth, but the Machinists came back in the same frame for their last three tallies.

Johnny Moniz and Ernesto divided the mound duty for the winners and let out eight blows, one of them a homer by Herman Miller in the second frame. Big gunner for the game was the old veteran Bill Camara with four out of five, including a triple. Thatcher and "Tootie" Cruz pulled in three out of four each. For the losers Dutchy Olsen and Miller were the best with two hits apiece.
